

Beaverbrook School

Professional Learning Day Plan – September 19, 2025 Beaverbrook School

The following is a brief description of our planned professional learning work for September 19. This work is organized around our district's four collective goals:

- All students shall read, write, and communicate at grade level in both languages of instruction.
- All students shall be at grade level in numeracy.
- All students and staff will feel safe, cared for, and engaged in learning.
- All students shall graduate from high school.

School staff will monitor the impact of their work from September 19, and on subsequent professional learning days, in achieving these goals.

Literacy

- Staff will identify strengths and gaps in student literacy and develop strategies to address them.
- Teaching teams will evaluate the effectiveness of current tools and adjust them as needed.

Numeracy

- Teachers will identify areas where students are not meeting grade-level expectations and design targeted supports.
- Teaching teams will create or adapt interventions to raise achievement in numeracy.

Safe, Cared For, and Engaged

- Staff will refine Beaverbrook's Behaviour Matrix to strengthen consistency in learners' expectations.
- Teaching teams will act on behaviour and perception results to improve student safety, trust, and belonging.

Graduation

- Staff will develop interventions to reduce chronic absenteeism and strengthen student engagement to keep students on track to graduate.
